## Hidden Hunger in South Africa

We have to buy the cheapest of the cheapest. We are rated as the cheapest of the cheapest.’

- Elzetta, youth headed household, Bloemendal

‘Whenever the budget is announced, our lives take a turn for the worse, because the prices of basic goods just go up.’ - Community member, Eastern Cape

For child-headed households in Bloemendal, Eastern Cape, the daily diet consists of white bread and a carton of cheap juice or sugar water (known locally as the ‘popple water diet’).

‘Due to the poor quality of food the children wake up hungry in the middle of the night and this bothers us. At times we feel it would be better if someone adopted them so as to give them a chance in life.’

‘Beans and samp are our normal food but we cannot cook this because it uses too much electricity. The wood that was freely available in our area is no longer there, we have to buy it.’ - Child-headed household PARTICIPANT IN FGD, KwaNobuhle, Eastern Cape

# Hunger Facts

### The pandemic, job losses and the plight of hunger

In Peddie in the Eastern Cape, children are eating wild plants to survive, as the Covid-19 pandemic and the lockdown take their toll. The number of households going hungry has doubled, according to new research.

One woman had told him, “My children will tell you the taste of every plant in this area, as for the last three months I have been feeding them these plants.”

Researchers in the National Income Dynamics Study (NIDS) – Coronavirus Rapid Mobile Survey (NIDS-CRAM) released on Wednesday, found that 47% of respondents reported that their

household ran out of money to buy food in April 2020. Before the lockdown, 21% of households reported that they ran out of money to buy food in the previous year.

“Pandemic-induced job losses present a major threat to the livelihoods of a large proportion of grant receiving households precisely because earnings has been an important source of income for most grant-receiving households.” However, about 30% of those who had lost their jobs between February and April reported no household grant income at all.

# Success stories from graduates

Debbie lost her job and was unemployed for over a year. She knocked on many doors and posted CV's to find employment but always met with rejection. The financial situation was taking its toll on the family at home. Becoming despondent of ever finding employment, Debbie came to find out about the Sewing Studio. She had no prior sewing experience. Upon seeing the Al-Fidaa Foundation's Sewing Studio, she decided to apply and was accepted. Debbie showed much dedication and commitment with her studies. She practiced daily on her new skills learnt in the classroom.

“When I completed in June 2018 I started the journey of job hunting again. Only this time it was different as I was approaching companies in the clothing manufacturing industry. Shortly after completing, I was called in for an interview and I was nervous. I was asked to complete a practical interview process to test my skills and ability. The person conducting the interview was pleased with my

skills and thus got employed.

I am forever grateful to the Al-Fidaa Foundation for the opportunity. I can now provide basic needs and necessities for my family.” **Debbie Du Plessis**

Ntombekhaya spent the pass few years hovering around a number of part time jobs meaning she had a part time income. Desperate to find stability in her life, Ntombekhaya enrolled into the Al-Fidaa Foundation Sewing Studio to participate.

“From a young age I always wanted to learn how to sew, I was fascinated by the beautiful dresses people would create. I studied hard during my 12 weeks at Al-Fidaa Foundation and spent extra time practicing the art of aprons and traditional African headwear. After graduating from the Sewing Studio, The Al-Fidaa Foundation allowed me to continue visiting the Sewing Studio to practice on the items I wished to sell. I was guided by the Instructors and taught business principles.

I took some samples that I had made in class to local community organizations. Shortly after my marketing campaign I received an order for 30 aprons, 12 traditional African headwear and 10 traditional African themed uniforms. To this day I continue to market my services. I am able to earn an income every month thankfully. This self-employment freedom that I enjoy is because of the generosity shown to me by the Al-Fidaa Foundation.”

**Ntombekhaya Dimbaza**

Siphokazi Kemele, a former student from Al-Fidaa Foundation. “I applied for the dressmaker course in 2017. After a few months of waiting I was called in for the classes to start in 2018, where I learnt to make an apron, a bag and then a dress.

When I finished my course in June 2018, I was introduced to a Metro Wind Farm representative to pitch for funding to start my business.

After pitching and submitting my forms, my business HOUSE OF TSHIWO was awarded with R85,830 of funds which enabled me to purchase two Gemy industrial machines, an industrial over locker, clothing rack, office equipment, a financial management course and a monthly allowance of fabric and threads.

My business has now been running for 4 months at a profit. The Al-Fidaa foundation has armed me with the skills and opportunity to change my situation and inspire my peers, I have not only been given the tools to materialise my dreams but I'll also be helping 2 families put food on the table and play a part in growing and sustaining the economy.” Siphokazi Kemele

# MASÂJID

At present, the Al-Fidaa Foundation are operating 10 Masjid & Musallas in Port Elizabeth.

## The following venues have 5 daily Salâh

While all our venues can accommodate people for salâh, the following have an appointed Imâm

### 1 Musallâ Abu Ubaidah - Missionvale

Being ideally situated on the main road in the old township of Missionvale, the weekly Jumu’ah salâh is also held here. A variety of Ulama conduct the Jumu’ah program at this venue. This facility also serves as a venue for adult ladies classes for the many reverts in the area.

### 2 Musallâ Uthmaan - Bethelsdorp Ext 28

Nestled amongst the houses of the locality this facility is situated in a cul-de-sac surrounded by many Muslim homes. This facility is always abuzz with many weekly programs, visiting Tabligh jamâ’ats and ladies programs.

### 3 Masjid Uthmaan ibn Affaan - Zimdahl St Gelvandale

Recently established, this masjid serves the many Muslims residing in the upper parts of the huge suburb of Gelvandale. In an area where people have been exposed to constant gun battles between rival gangs, the establishment of this masjid has seen a rapid decline in this warfare. Weekly Jumu’ah & Eid Salâh is conducted at this venue.

### 4 Musallâ Hamzah - C/o Azalea & Bottlebrush St Gelvandale

This facility has been established in an area which has never had a venue of its kind. Muslims from this locality were forced to travel distances to the nearest venue for salâh and Jumu’ah. With its establishment, congregational salâh and madrasah has now been brought to their doorstep.

### 5 Masjid Noor - Bloemendal

Al Fidaa Foundation has recently been given the responsibility of operations at this facility. This venue consists of a masjid, madrasah complex and Imâm’s residence. Daily salâh and Jumu’ah are conducted here. Much needed repairs are needed at this venue as elaborated upon in our publication.

## Venues currently under construction

### 1 Renecke Street Helenvale

Alhamdulillah, the construction of this facility is at an advanced stage already. Much will still be needed to take it to completion. In-shâ-Allah, this venue will provide facilities for salâh, madrasah and beneficial programs for the Muslim community. Muslims

from this area will provided with a beautiful structure to support them in fulfilling their Deeni responsibilities.

### 2 Schauderville

This area consists of main senior members of the Muslim community of Port Elizabeth. They have been deprived over the years from having a close-by, decent facility for salâh and Islâmic education. Alhamdulillah, through the generosity of some individuals a premises has been purchased and is soon going to be converted into this much need facility.

## CASES SEEN TO AT THE

**01** Received a referral from a service provider about a minor who was physically abused by a family member. The White Door social worker accordingly reported and followed up the case with the Department of Social Development

**02** Divorced female allegedly abused by her former husband. Close family members were unaware of the ongoing abuse even though it was over a long period of time. She did not feel able to disclose the abuse to her family. Client is currently unemployed and battling financially. The only current income is the child maintenance sum received from the abusive ex husband.

**03** Parent sought assistance on behalf of their child who was allegedly physically abused by her life partner. Client was referred to the South African Police Service and ongoing counselling was offered to the client.

**04** Differently abled client reported being abused verbally and financially by her child. Client was referred to the Department of Social Development.

**06** Confused and frustrated female sought assistance as she was forced to flee her home following death threats. The client disclosed that she particularly frustrated as she has a physically challenged relative who was also residing with her and is battling to secure accommodation for the relative. The client was offered counselling and referred to the South African Police Service.

**07** Female was allegedly abused by her life partner and his mother for several years; she managed to escape but he contacted social services and her children were removed and placed in his care. He claims she was an alcoholic. Client felt let down by resources but was encouraged through parenting skills, counselling and support to rebuild her life and get her children back from her alleged abuser. She has turned her life around and living independently and has access to her children.

**08** Mother has been battling with son who has been abusing substances since he found out he was conceived through rape. According to her he is violent when demanding money from her, regularly engages in criminal activity, stealing from the community as well as family members. Client now fears for her son's life after a relative threatened to stab him to death because he stole from him. She is receiving treatment for depression because her son's behavior has caused marital issues between her and her husband, who is threatening to walk out on her due to the aforementioned issues.

**09** Victim of verbal abuse diagnosed and treated for depression. According to the client, her husband took advantage of her mental state and filed for a divorce, devastating her and leaving her stranded emotionally and financially.

**10** Adult male client reported for counselling. He was badly traumatized after helplessly watching his home burn down with his child and his life partner inside. He blames himself for not being able to do more to save them and admits to contemplating suicide as this is hard to live with.

# Muslim Orphanage

## Catering for the needs of the orphaned Muslim, the first in the Eastern Cape

The vast area of the Eastern Cape does not have a single house to cater for Muslim children! Muslim children are often placed in a state owned facility or registered safe houses.

The need for an orphanage that caters solely for Muslim children cannot be overemphasized. There are no state owned facilities or registered safe houses that cater Halaal food so any Muslim orphan would be forced to eat Haraam.

As most orphanages are predominantly Christian, Muslim children are included in their prayer session where there are no Salaah facilities, Quraans or Islamic literature available.

Orphans in a state run facility have

limited or more often no access to other Muslim community members

Sahl ibn Sa'd رضي الله عنه reported: The Prophet, peace and blessings be upon him, said,

***"The one who cares for an orphan and myself will be together in Paradise like this," and he held his two fingers together to illustrate. [Bukhari 5659]***

Now with the grace of Allah, the open hearts and generosity of donors and your duas the Al-Fidaa Foundation has setup the first Muslim orphanage in Port Elizabeth caring for the orphaned Muslim children and a comfortable homely environment.

# ORPHANED, ABANDONED & NEGLECT CASES THAT WE DEALT WITH

**CASE #1:** Abandoned male teen was provided with temporary care and family reunification services.

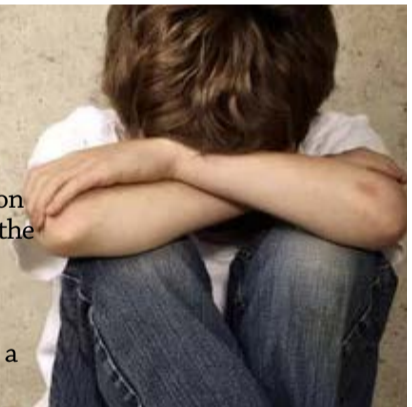

**CASE #2:** A 15 and 10 year old boy was provided temporary care while their mother received medical attention for 2 months, otherwise they would have been

placed in a state facility by the department social worker.

**CASE #3:** SA 14 and 10 year old boy is currently being cared for as their parents passed away with no extended family being able to care for them.

**CASE #4:** Application for care of a 15 and 7 year old girl who are living in a Non-Muslim CYCC are being made through the social worker and childrens court.

There are many more cases that we've dealt with and continue to deal with on a regular basis.

## FREE Medical Services & Basic Healthcare screening

**FREE HEALTH SCREENING REGISTERED NURSE**

CLINIC: Access to medical services and basic health care screening proves challenging to many of our beneficiaries who cannot afford the cost of private services or are not physically able to stand in long queues at our state run clinics and hospitals. Many of our beneficiaries are pensioners or people who are affected by high-blood pressure, diabetes, or other chronic illnesses. Several incidences were observed of beneficiaries falling ill while visiting the organisation, due to poor eating habits, illness and suspected neglect by family members.

AIMS: Provide general health care awareness to the poor, needy and vulnerable beneficiaries of the Foundation. The service will be accessible to all Al-Fidaa Foundation beneficiaries.

## LEARNER TESTIMONIALS

★★★★★

*"I attended a two weeks computer training at Al-Fidaa in February 2020. The training was facilitated by Nafeesah Sallie. She took us through the basics of Microsoft office programs word, excel and powerpoint. The training programme helped to refresh my mind on the different programs that Microsoft office offers. The training programme also helped improve my public speaking confidence as we had to present on different topics. Now I feel confident and competent to use a computer."*

**M SIMAMA**

★★★★★

*"Using the computer skills I learnt at Al-Fidaa Foundation (with facilitator Nafeesah), I completed my CAP (Competency Assessment) at the company I work for. The computer course has helped my productivity in the role of an Account Manager (Sales Rep) of Coca Cola Beverages Africa South Africa.*

*I had to present one of my stores to the company in Powerpoint format. Due to the Covid19 pandemic lockdown, I also had to present it via MS Teams (our interactive site created for us to interact with Management.)*

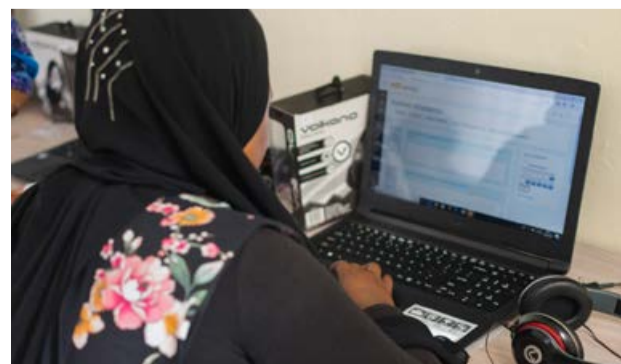

*I used the skills I learnt in class about effective presentations, successfully completing my assessment and found competent in my role as Account Manager. My next step is to be capped as Sales Manager. Al-Fidaa and Nafeesah, I thank you."*

**D LANGLEY**

★★★★★

*"Nafeesah did the great work cause that 2 weeks wasn't waste of time for me. She is approachable, and makes you understand. I've learn so much I can now be on computer on my own without any assistant. I can work in excel alone, and now am not shy I can do presentation and understand PowerPoint. She is the Best Facilitator she knows her job. Thank you very much to Al-Fidaa now I can work on my own on computer and the certificate will help me in the long run."*
