Al Fidaa Foundation is a registered Non Profit Organisation formed in August 2008 to assist the needy in the Eastern Cape. Our ambition is to assist the impoverished of all demographics and creed.

The effects of poverty can only be eradicated by diversified sustainable projects.

- » Soup kitchen feeding initiative to provide nutritious meals to impoverished communities.
- » Skills development and education programs have been initiated to educate and empower individuals in order to gain financial independence and employment.
- » Many social welfare & poverty alleviation projects have been established to provide social welfare to the poor in the form of food hampers, blankets, clothing etc...

Hadith

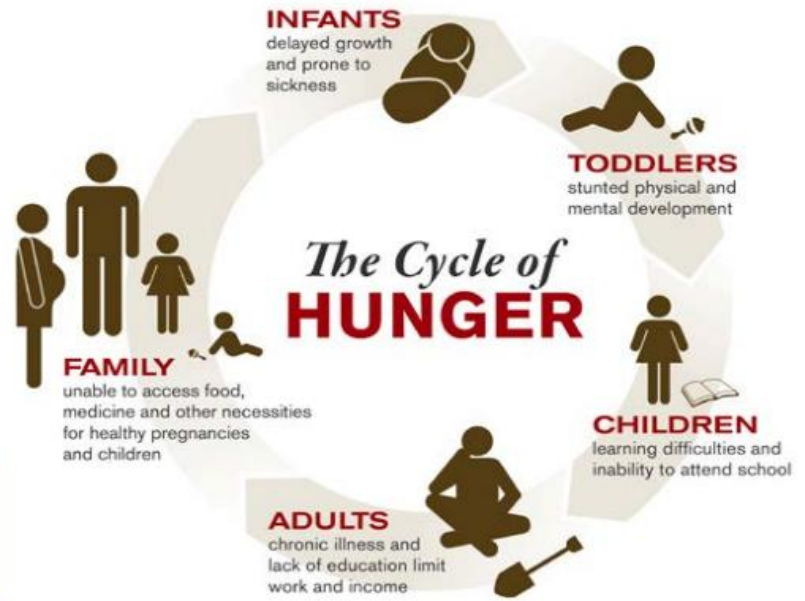

❶ The Eastern Cape has high levels of food insecurity. Close to 78% of households may be classified as food insecure.

Soup Kitchens

Al Fidaa assists 57 Soup Kitchens in the Eastern Cape

Al Fidaa's primary focus in the Eastern Cape is to eradicate hunger from the community. We assist 57 Soup Kitchens in the Eastern Cape. Soup meals are given at soup kitchens, schools, clinics and hospitals. We deliver monthly Soup Mix, Rice, Samp & Beans & Mielie Meal.

Inspections are done regularly to ensure meals are given by service providers. Soup kitchens are assisted with equipment to cook meals and monthly electricity and gas payments. Your contribution will allow us to do much more to relieve the pains of hunger from infant to adult.

Al Fidaa Ta'leemi Department

Al Fidaa Foundation has taken this responsibility of fortifying the Īmān of our generation and the next through the Maktab teaching system. This system has stood the test of time and has emerged as the best way to safeguard our children from fitnah (mischief) and fasād (corruption). Education is imperative to understanding, appreciating and practising our Deen. May Almighty Allāh grant high stages in Jannah (paradise) to our pious predecessors who were inspired to initiate this golden way of imparting knowledge of Dīn to the next generation, آمن.

We have been operating in underprivileged and poverty-stricken areas of Port Elizabeth since 2009. We are currently operating 13 makâtib with a total of 313 students (as at March 2016) and 19 Ustaads. Our makâtib are mostly informal structures with minimum requirements. The Īmān of community members are under duress due to prevalent social evils, gangsterism and drugs. Some students come from homes where parents are not Muslims, thus students and Ustaads should be complimented for the extra effort they make.

» **Inspections and management**
Regular inspections are done at all the makâtib to evaluate the students and Ustaads. Workshops are also conducted to enhance the teaching abilities of Ustaads. All inspections are emailed to us. The data is captured on our computer system so that we monitor Maktab and attend to any queries promptly.

» **Student Meals and Food Parcels**
Meals are fed to counter the pangs of hunger and enhance their concentration in the classroom before they start classes. These meals are

cooked and prepared by 12 ladies in close proximity to the Maktab. Many students look forward to this meal as sometimes it is their only meal for the day. On a regular basis we also supply families of students with food parcels containing basic supplies for their daily needs as they come from poverty stricken communities.

» **Continuous interaction with parents**
We have a system in place where attendance and behaviour issues are dealt with immediately thus keeping parents abreast with the happenings in the classroom. In severe cases a delegation from the Ta'leemi department will meet personally with parents. A regular program is also held where parents are invited to a meal and important issues discussed. These gatherings foster a good relationship and understanding amongst parents, students and ustaads.

REQUEST FOR FUNDS

- Opening more Maktab.
- Maintenance of facilities.
- Purchasing of wall fans for all Makaatibs.
- Meals for students.
- Study materials e.g. kitâbs, whiteboards, desks.
- Islâmic attire for students as they can't afford it.

May Almighty Allāh reward you abundantly for your assistance in this regard, آمن.

Adult Education Classes

"The lap of the mother is the first stage of learning for a child"

With this motto we have embarked on a program to educate our mothers and sisters regarding the basics of Islām. Alhamdulillah, these programs have proven to be a huge success in the underprivileged areas of our community and has created a desire to acquire knowledge of Dīn.

These classes currently take place in West End, Salt Lake and Malabar Extension 6. Programs are held regularly and attendance is positive despite the crime that plague the area. At some venues ladies would beg the

teacher to add more days to teach them, since one day is not sufficient to quench their thirst for knowledge.

We have received many request to start these classes in other areas.. This is yet another avenue whereby we could earn tremendous rewards by contributing towards study materials and opening more venues.

We thank all those who have donated to this noble cause in the past. May Almighty Allah reward you and your families abundantly, **امين**.

Al-Ihsaan Joint Projects with the Al-Fidaa Foundation

Overview

Almost 10 years ago, 12 women from a friendship club, decided to organise a winter blanket and Ramadaan food hamper charity campaign. These charity initiatives were carried out informally by volunteers and without the supervision of a chairperson or formal committee.

In May 2014, a fundraiser was held in aid of Syrian refugees, where even more volunteers became involved and expressed interest in joining the group. This then led to the formation of the AL- IHSAAN Women's Group, a non-profit, charitable organisation. The word 'Ihsaan' means to accomplish a task in a most beautiful way and to the best of one's ability, hence the choice of name.

Objective

1. As Muslims living in a rainbow nation consisting of various races and cultures, we intend to indirectly propagate the Islamic values of giving, sharing and caring.

2. To reach out to disadvantaged communities and assist in any way we can, in order to make a difference to someone's life. Our approach is very hands on, and we prefer

to meet and hand out the gifts personally... which we did for Eid ul Fitr for the learners in the maktabas in the underprivileged areas. It is an immensely gratifying experience to watch little children's faces light up when receiving a colourful bucket of goodies.

In October 2014, our Gardens for Gaza initiative was a resounding success, the proceeds were given to the Al-Imdaad foundation towards their water pipeline project, so sorely needed in Gaza.

In 2015, we focused on bringing aid to the local community and joined forces with the Al-Fidaa foundation. We began with the blanket drive in winter and in Ramadaan helped with hampers that were distributed to the poor and needy Muslims. We embraced an initiative that originated in Johannesburg, where gift boxes were given to Muslim children in the maktabas. We also gifted the children Jusdaans and stationery for Eid ul Adhaa.

The major project for the year 'Through the Country Gates' was a tremendous success and most of the proceeds were handed over to the Al Fidaa foundation to be used for their feeding scheme, and elsewhere where they felt it was most needed.

As for this year, local charities will be our main focus yet again. We intend to donate

blankets and food hampers as usual. These parcels will be distributed by ourselves and Al Fidaa during Ramdhaan and thereafter. An exciting new initiative for us this year will be expanding our group by taking the youth and our little ones under our umbrella, allowing them to experience first hand, the blessings of sharing and caring for others.

After all, they are the leaders of tomorrow.

① The Eastern Cape's labour absorption rate was one of the lowest of all provinces at 39% (compared to a 41% absorption rate for the country).

From the Zakaah and Lillah Desk

Assalâmu alaikum

Alhamdulillah, Almighty Allâh, through the channel of charity, brings relief to the underprivileged and poverty-stricken members of our community. Due to deteriorating economic conditions, many people find themselves unable to make ends meet. Accommodation becomes unaffordable, living expenses become unbearable and where the next meal will come from becomes unimaginable.

Our office has seen an increase of individuals registering on our database. We have reached a total of 1400 Zakaah applicants that are experiencing difficulty in seeing to their needs and the needs of their families. With these numbers continuously increasing we are finding it very difficult to assist each and every person. Our food parcel program for the elderly, frail, widows and the unemployed supplements their daily nutritional needs and is greatly valued.

Alhamdulillah, through the grace of Almighty Allâh, we were able to also assist people with their rentals, stationery and schools shoes. The elderly and disabled applicants were assisted

with wheelchairs and miscellaneous medical supplies.

There is a great need for us to channel our zakaah funds towards those in close proximity. Being exposed to the plight of the poor in our surroundings we are faced with the reality of belief turning to disbelief. A food parcel or a few rands might become a means of a person's Imân being safeguarded.

Indeed, we are able to bring some relief to our needy recipients and tears of joy overpower us that we can be in a position to help them with the funding of our community. For us to be able to assist as many people as possible, we require sufficient funding. We thus urge one and all to utilize these avenues of charity which not only cools the anger of the Almighty but also acts as a means of safety against calamities befalling us.

Kindly contact our offices to arrange your contributions of Zakaah and Lillah funds.

Wassalâmu Alaykum

Some of the cases we have dealt with over the past couple of months

1. Chronically ill struggle to cope with medical bills

A single lady living on her own, after having worked for many years, now struggles to cope with medical bills. She has been diagnosed with many chronic illnesses requiring many expensive procedures and medication. After having paid a visit to the applicant, we were taken aback by her physical condition and through the grace of the Almighty we were able to assist with some of her medical bills.

2. Underprivileged youngster unable to pay for tuition fees

A young man living in one of the underprivileged areas has managed to commence studies in the field of psychology at a local tertiary institute. Due to the high cost of studies he is left with an outstanding amount which he is unable to pay. He approaches our offices wanting to work in order to supplement income towards payment of fees. Alhamdulillah, we were able to remove this debt upon his shoulders, giving him the opportunity to further pursue his ambition.

3. A few pieces of wood chopped together serving as a shelter...

With only a few pieces of wood chopped together and a small window serving as their home, a husband and wife brave the harsh weather conditions and unsafe environment. Looking at their plight, we managed to convert a container into a temporary shelter serving as a safer and warmer environment. They were also assisted with obtaining identity documents which are necessary in these times especially when seeking employment. Alhamdulillah, they have since found suitable accommodation and the container relocated for future use.

4. Sight, a bounty from the Almighty.

The exorbitant cost of spectacles and sight improving procedures have left many people incapable of living normal lives. Through the generosity of a local optometrist, many applicants were assisted with spectacles. Some were also referred for cataract removal operations. Alhamdulillah, we are happy to have been associated with this venture in bringing relief to those that have been tested in this regard.

5. The elderly, the frail and the disabled

Indeed having a family member who is frail or disabled places a great strain upon family members. The costs involved in seeing to the needs of those in these conditions are extremely high. Families are thus burdened with high costs of equipment, consumables, medication, etc.

Alhamdulillah, through generous donations we are able to provide wheelchairs, commodes and nappies to all those who find themselves in these situations. The relief gained through this assistance is evident from the various people we have interacted with. Indeed their sacrifices will be highly rewarded by the Almighty and those aiding their plight will share in this reward.

6. Accommodation, one of the biggest needs of the time

We have seen people unable to afford accommodation for their families. High rental costs, unemployment and other social conditions have made it difficult for people to survive. Alhamdulillah, we were able to assist widows, single mothers, the unemployed and poverty-stricken to secure a roof over their heads. People would come with eyes welling up with tears, not knowing where they'll sleep the night as they are put on the streets by landlords / ladies. Unemployed fathers would not know where to turn to, with home not being an option because how would he tell his family that they have to pack up their goods, despite having nowhere to go.

Assistance would be provided for one month giving the applicant a chance to either find suitable employment or cheaper accommodation.

This unique online computer program has been in existence for quite some time and has been specifically designed for organizations involved in the distribution of Zakaah funds. With data being captured onto the system, organizations are left with a collection of vital information regarding applicants at the tips of their fingers. With the click of a button required information and documentation is available to the user.

This online program boasts the following features:

- Partnering organizations have access to information of an applicant as well as history of distributions made to the applicant.
- Important uploaded documentation is available for future reference or viewing.
- Visits by the applicant to the offices are recorded.
- Bulk disbursements could be recorded when doing distribution in a particular area.
- Monthly reports reflecting number

of disbursements, items issued and value of items as well as the date of disbursement.

- Integrated SMS service to notify recipients when to collect or when distribution will take place.
- Monthly activity record of recipients regarding disbursements.
- Processing of disabled or frail applicants at home when unable to visit the offices.
- Facility for recording bursary applications made by underprivileged students.
- Supplying names for distribution according to stipulations made by donors e.g. widows, single mothers, unemployed, those earning a certain amount, etc.

We take this opportunity to thank the staff of the CODEGROUP who assisted in the development of the software and continues to assist us in making improvements as the need arises.

Seamstress Sewing Course: Cut out patterns, Garment manufacturing, Costing, Quality inspection

Business Studies: Accounting principles, Marketing, Formulating Business documents, Invoicing, Quotations

Computer Literacy: Operation, Ms Word, Excel, Powerpoint, Internet and Email

Inspiring Feedback From Past Learners

"I will always be forever grateful for the skills and the knowledge that I have acquired and accumulated from the Al Fidaa Foundation. I came into the foundation wanting to learn sewing; little did I know that I would leave with a whole lot more. After completion I found employment as an office administrator thanks to the computer skills that I gained".

Yoliswa Gwavu

"I always had a dream that I will be a fashion designer but I could not apply to any institution as I did not meet the requirements". "With all the experience I gained at Al-Fidaa, I decided to start my own clothing manufacturing business with friends of mine". "The clothing company will be named BUNDUAFRICA".

Sandile Nxumolo

"I never thought that I would learn so much more in such a short span of time, what initially meant to be a brush up of Microsoft office. I was immediately able to implement my new trained Microsoft word skills in my new job role at Manelez a few weeks later. After being employed there for only two weeks, I was allowed to restructure the accounts payable process using the training I received."

Alleweya Hendricks

"After completing the course I have started my own business making clothing for people in my community. I wish to further expand on my business".

Thembele Mblatshwa

"I have managed to link up with a womens group at the location in Kwandokwenza. These women get contracts to sew uniforms for schools. I am also able to sew clothing for my kids".

Songezwa Mashiq

"I am working part time as a seamstress at a private alterations and sewing business, I am working towards starting my own business".

Misiwe Solo

"Al-Fidaa is a wonderful organisation I'd like to thank. The first thing I want to mention is the warm hospitality and beautiful character of the people working there. During my most difficult time they supported me, not only in kind but also emotionally. I had someone to talk to at Al-Fidaa and that made me feel encouraged and dignified as a person in need of a shoulder to cry on."

Jannah without fear

On the Day of Judgement an announcer will call, "Where are those who were kind to the poor and the destitute, today they may enter Jannah without any fear or sorrow."

Hadith

❶ The agricultural sector of our economy is particularly hard hit, with a 17.8% decline in those employed in agriculture in the Eastern Cape.

The Leaf for Life Foundation

PBO : 930 047 747

Objectives

- Create employment and empower skills in cultivation and harvesting vegetables for the women of St Albans. This community is situated 24km from Port Elizabeth. Due to them living in a rural farming area, employment is vital in supporting their families.
- Establish a community farm that will provide quality produce for the local and national market. Funding generated from harvest is reinvested into the farm to sustain it.
- Schools are invited to the farm to encourage them to grow vegetables at home and to create the desire to pursue farming as a career.
- We intend offering workshops to the public to encourage them to start growing vegetables in their garden.
- Funding is vital for us to continue our services and future projects.

YOi (Youth Of Islam)

YOi aims to preserve the identity of Muslim youth and help overcome the problems they face in modern society through a series of programmes which include team building exercises, development workshops and promoting fun events as a medium of learning in a relaxed environment. By establishing a relationship through dialogue with our youth enables us to better understand challenges faced by the youth in our communities.

In February 2016, YOi hosted the Grade 12 learners of Nasruddin Islamic High. A 2 hour fun packed Self-Development workshop was conducted which had many entertaining activities that created a fun filled atmosphere. We would like to thank the Islamia department of Nasruddin Islamic High for making it possible.

No fear, nor grieve

Those who spend their money in the cause of Allah, then do not follow their charity with insult or harm, will receive their recompense from their Lord; they have nothing to fear, nor will they grieve. [2: Al Baqara-262]

Quran

Purify your property

Rasulullah Salallahu Alaihi Wa Salam said: "Purify your property by Zakaah properly paid, treat your sick by Sadaqah and meet the advancing calamities with Du'aa."

Hadith

❶ The illiteracy rate in the EC province is relatively high with just under 17.5% in 2013 of the population being functionally illiterate.

King Williams Town Business School

Knowledge, Research, Mentorship

Al-Fidaa Foundation has initiated a small business program at its premises in King Williams Town. The aim of the skills program is to equip aspiring entrepreneurs to successfully understand business concepts and its operations.

Many of the government funding houses are situated in the Border area creating opportunities for the unemployed to access funding. However these funding houses are becoming more reluctant to make funding available to candidates who does not possess the skills or knowledge on entrepreneurship.

Al-Fidaa Foundation aims to address this critical skill needed by candidates to successfully manage their business and produce a sound business plan.

No new business owner is expected to know all the answers all the time, thus mentorship allows them to overcome this hurdle. Al-Fidaa Foundation makes available platforms for candidates to access an experienced business person to mentor them and provide a sounding board for ideas, a channel to offer advice and caution and guide them on a path to success.

THE NEED TO CREATE SMME AMONGST OUR MUSLIM NEEDY

A food parcel lasts for a month, a skill for a lifetime.

Creating a business for the unemployed breaks the shackles and liberates individuals from an oppressive cycle of begging.

"...Small businesses are significant contributors to job creation, creating more than 50% of all employment opportunities in SA. Currently, the SMME sector contributes more than 45% of the country's gross domestic product." IOL 22 oct 2014

The Al Fidaa Foundation wishes to assist individuals to become self sufficient. Donate your Zakaah to fund SMME for Muslim recipients.

Re: Your assistance program for victims

I would like to extend my gratitude to your organization for the assistance that you are currently rendering to the child victims and witnesses who are attending court. These children often travel long distances to get to court, they are often hungry and have to spend hours at court giving evidence.

The feeding scheme that you have introduced, contributes both to the nutritional and mental wellbeing of our children. It put the prosecutors in a position to take a child witness to court who is more focused and who can perform better in the court environment.

The meals that you supply each day add a positive dimension to the child's court experience. The prosecutors and court preparation officers at the New Law Courts appreciate your contribution.

Reward for Maktab teachers

Hadrhat Sheikhul Hadith, Moulana Muhammad Zakariyya (RA) writes quoting Sharhul Ihya, under the list of people who will be given shelter under the shade of the 'Arsh of Allah Ta'ala on the fearful Day of Qiyaamah includes those people who teach the Qur-aan Shareef to the children of the Muslims. Subhan Allah! What a great honour for those who are engaged in teaching in the makaatib. May Allah Ta'ala accept the efforts of all those engaged in the service of Deen. Aameen.

Inspirational

Abu Mansoor Muhammad Al-Baghdaadi (RA) was a pious saint who was a Saahib e Karaamat (one who was able to do miracles). He had taught the entire Qur'aan to 70 blind students. After his demise someone saw him in a dream and enquired as to how Allah Ta'ala had treated him, to which he replied, "Allah Ta'ala forgave me by virtue of my having taught little children Surah Faatiha."

Masjid BUILDING PROJECT

The Al-Fidaa Foundation has identified 7 areas urgently in need of a small Masjid to serve the Muslims. Masjids are salient features of our community without which there will be a very weak connection with Islam.

Donate and earn the rewards in the Hereafter, Ameen.
