NO FEAR, NOR GRIEF

QURAN

Those who spend their money in the cause of Allah, then do not follow their charity with insult or harm, will receive their recompense from their Lord; they have nothing to fear, nor will they grieve. [2: Al Baqara-262]

PURIFY YOUR PROPERTY

HADITH

Rasulullah salallahu alaihi wa salam said: "Purify your property by Zakaah properly paid, treat your sick by Sadaqah and meet the advancing calamities with Du'aa."

1 Crime statistics indicate high levels of violent crime in the province which are often through gang rape, brutal attacks on children and elderly women.

HARSH FACTS ON POVERTY IN THE EASTERN CAPE

According to the Bay's records, of the first 12 children who died from starvation, eight had starved to death in Dora Nginza Hospital after they were referred from Humansdorp, Willowmore and Kirkwood.

HUNDREDS HOSPITALIZED

Hundreds of kids end up in hospital with severe malnutrition.

According to NMU's Department of Dietetics, 17% of children under 2 years were stunted due to malnutrition.

The average estimated financial cost per case (malnourished child) is R65 826. They are in hospital on average for 30 days.

8 228 Children aged under five were seen to at hospitals and clinics in the Eastern Cape for malnutrition.

Throughout the Eastern Cape, there were 226 child deaths due to severe, acute malnutrition and more than 2 000 hospital admissions in the span of one year.

R500 MILLION

Government has already spent R500-million in 2017 to treat those with severe acute malnutrition.

GREAT REWARD

QURAN

Believe in Allah and His Messenger, and spend of that whereof He has made you trustees. And such of you as believe and spend, theirs will be a great reward. [57: Al-Hadid-7]

BETTER THAN HAJJ

HADITH

Abdullah bin Abbaas Radhiallahu anhuma stated: "For me to fulfil the necessities of a Muslim family for a month or for a week or whatever period of time Allah pleases is more beloved to me than performing Hajj after Hajj"

1 In 2011 more than 60% of youths between 15 and 19 years and more than 50% of youths between 20 and 24 years in the EC were unemployed.

OUR ZAKAAH RECIPIENTS AND THEIR PLIGHT TO SURVIVE

With our recipients reaching close to 2000 we are inundated with calls for assistance in the line of food, rental, electricity and water costs. Indeed rental and utility bills amount to thousands of rands which makes it virtually impossible for us to aid applicants. Therefore there exists a great need to assist people in this regard. Those who are faced with this challenge include the old, the widows, the divorcees and the physically challenged. We urge you to assist us in providing security to these people in the line of food, accommodation, water and electricity.

Below are some of the cases we hand dealt with over the past year :

1 A single mother with 3 children living in an area notorious for crime and gangsterism is forced to rent a dilapidated house with no running water and electricity. She buys water from the neighbours and makes a fire in the morning and evening for cooking purposes. Due to no electricity she is forced to use candles for them to go about their chores

and work at night.

2 A revert Muslim with no relatives is left to fend for himself at an Old Age facility. His pension doesn't cover the monthly costs at the facility making it difficult for them to secure his accommodation.

3 A father with an amputated leg strives towards giving his child an education. Walking on crutches he accompanies his son to his school and due to financial constraints school wear and transport become a challenge. He cannot even afford transport for himself to have his medical condition attended to. Due to this he is left with having to walk wherever he needs to be.

4 Many old age recipients have become dependent on adult diapers. With the cost of these being enormous we are restricted to helping only a limited amount of applicants. Due to this limitation it is unknown as to how they get through the month without the required amount of diapers.

5 An applicant living in a caravan suffered tremendous loss by the caravan being gutted by a fire. She was left vulnerable with her 3 month old baby having no supplies for the little one.

6 A mentally challenged recipient with no close relatives to assist him is burdened with rising utility costs. He faces electricity being cut as he is unable to cover water and rates costs.

7 A pensioner living in flat with two unemployed children. The entire family lives off the mother's state pension and they are unable to pay accommodation costs leaving them with the threat of being evicted.

8 A widow with a mentally challenged child struggles to cover costs at special school due to a delay in the child's state grant. She has no relatives to assist her and lives alone with her children having to make ends meet on her own.

ZAKAAH Our responsibility towards those in need.

Alhamdulillah, through the institute of Zakaah, Almighty Allah has made arrangements for the needs of the poverty-stricken and underprivileged in society. Poverty is a challenge facing the entire human race and indeed through the compulsion of Zakaah we are made to see to the needs of those in dire straits. The

institution of Zakaah however also acts as a cleansing for the wealth of the giver and being an act of charity it cools the anger of the Almighty.

Within a split second a person's life can change and also bring him to the brink of poverty and need. We should therefore understand the plight of the poor and the daily challenges they are facing just to get the next meal! Indeed we'll say that Allah has put them in that condition and He will take care of them, but they could also be a test for us from Allah to see what efforts we make to alleviate their poverty and strife. The incidents in the Qur'an and Ahadith bear testimony as to how

people in the past were tested in this regard.

Al Fidaa Foundation Zakaah Department strives towards assisting the poor, sickly, old aged, divorced, single mothers, etc. in society. Due to limited funds we are only able to help recipients with the basic essentials towards a meal, with these items not even lasting a week or two. Many recipients have to survive on a meagre state pension or grant and after paying utilities are left nothing to fill their stomachs. We have seen an increase in pensioners approaching us for assistance just for them to get by the month.

The plight of poverty has gripped a majority in our society and indeed this brings tears to our eyes when listening to their daily challenges and obstacles.

Assist Al Fidaa Foundation by contributing your Zakaah for distribution amongst those worthy in our localities. With a steady contribution of Zakaah we could provide them with continuous support which could bring some relief to them. Indeed the du'as gained from these individuals will benefit us in this world and in the Hereafter!

A PATHWAY TOWARDS BETTER VISION

Alhamdulillah, our partnership with Abdol Optometrists and Paruk Optometrists has been continuing from last year. Approximately 20 individuals became recipients of spectacles and free consultation from these optometrists.

This partnership with Al Fidaa Foundation Zakaah Department has provided a pathway towards better vision for many of our senior citizens who with meagre state pensions cannot afford this

type of treatment.

We have seen many of them being overjoyed and overwhelmed at the ability to see properly again! This is just an example of what can happen when various spheres in society get together and with diverse expertise how a change can be brought in a society.

Join hands with Al Fidaa Foundation and make your contribution towards a better society!

THE MAKTAB

the protection of Islâm for the next generation

The plight of the underprivileged and downtrodden in our society

In many communities the availability of numerous avenues for acquiring the knowledge of the Dîn of Islâm has reached a saturation point. People are left with a variety to choose from moving from one to another at any given time.

Sadly there exist many localities wherein people are longing for such avenues to be established wherein the morals and conduct of their children could be protected. Al Fidaa Ta'leemi Department, keeping this situation in mind, has set out to establish makâtib in all of these localities which have been deprived for many years.

With the establishment of these makâtib we experience many situations that are an inspiration to us within the department. Here are but a few:

- In acquiring knowledge age is not a barrier ... The madrasah year commences with students enrolling. Parents come begging for the 3 and 4 year olds to be included. They witness the benefits of children being in the madrasah and don't want the younger ones to be deprived.
- Maktab becomes an encouragement towards further studies ... Students have been encouraged by teachers regarding the benefit and importance of climbing the ladder of knowledge. They have shown great enthusiasm in this regard with one currently in her fourth year of the Aalimah course and two in their first year.
- Social evils and broken homes ... Many students come from backgrounds where alcohol and drugs are the order of the day. When inspectors visit certain homes the conditions are truly shocking yet those parents ensure that their children attend madrasah regularly despite their weakness in their personal lives. Some come from homes that have been ravaged by divorce and separation leaving them to be juggled between parents, at times one of the parents being non-Muslim.
- Non-Muslims help Islâm ... A Muslim woman with only non-Muslim relatives passes away leaving instructions that her property should be used as a madrasah. Her family makes contact with us and gives us an undertaking that they will go to all limits to ensure their relative's wish is fulfilled saying: "She wanted the place to be a beacon of knowledge and upliftment for the children in the area so that is what we will ensure."
- Eagerness to learn ... Students are faced with the challenge of hunger so when food gets distributed they would vie with each to be first in the line. One day a student who was usually the first in the line became so engrossed in his reading that he was not concerned about others jumping up before him. The teacher tells him to stop reading as the food has arrived, he says: "I know Moulana, can I please just finish the other half of this page?" Eventually the teacher had to stop him before there was no food left for him!
- Eagerness towards Salâh... An 8 year old boy at madrasah with a father who has recently embraced Islâm, when asked he says that he wakes up for Fajr everyday with his father and they make Salâh together. Sometimes he even makes Athân at the Masjid. When he came to madrasah he didn't know how to make wudhu but after learning, the first thing he does when coming in is wudhu. When classes are done, he goes and makes wudhu and performs Asr Salâh without being told.
- A 10 year old student in the madrasah comes for Maghrib Salâh every night at the local Jamâ'at Khâna no matter what the weather conditions are. One day a shooting incident took place close to his home a few minutes before Maghrib, the ustâdh really didn't expect to see him and there he was waiting at the Jamâ'at Khâna. This left the ustâdh amazed at this youngster braving the dangerous conditions and coming for his Salâh.

SPONSOR A MAKTAB

Our makatib operate in areas where students cannot afford to pay any fees. The maintenance, salaries and feeding of students rests upon the shoulders of Al Fidaa' Ta'leemi Department. As we are fully aware of the fact, in a facility conducive to learning, students who are not suffering the pangs of hunger and staff that are paid decently all contribute to the successful operation of that institute of learning. Your contribution will secure a means of Sadaqah Jariyah (perpetual reward) for you and your deceased relatives.

ADULT LADIES CLASSES

The wife of Nabi Muhammad ﷺ, A'ishah رضي الله عنها excelled in terms of her knowledge of the Din of Islām. This great achievement lead to many of the companions of Nabi Muhammad ﷺ coming to enquire from her regarding certain matters of Din. This proves that nothing can stop a woman from attaining great heights when it comes to the knowledge of Din. It is with this in mind that we have been embarking on this program for many years now, the aim being to empower the females in society with adequate knowledge of the Din of Islām.

The Adult Ladies Classes have proved to be in

demand in many areas with ladies wanting to learn the basics of Islām and even go on to higher sciences. These classes are offered at venues in close proximity to the homes of students and are held at times convenient for them under the tutorship of females. Alhamdulillah, we have established an extra two classes in Missionvale and Schauderville. We have a total of 80 ladies currently enrolled at our classes across the city.

The following is the details of our Adult Ladies Classes currently in operation:

ADULT CLASSES *inspiration*

Sister Khadija Baadjies – I've embraced Islam six months ago with my son, Jameel after six years of research and having started reading the book, The Choice by Ahmed Deedat. In my experience I've found answers to many questions that I could not find in the bible. I started off with madrasah since the very day I embraced Islam. From my personal experience madrasah is one of the factors which inspired me and taught me a great deal about Islam. Attending madrasah always gives me an inner peace which is unexplainable. Just being with my sisters in Islam is the most important part as well as the teaching from the Apa.

Sister Salma Isaacs – I started attending madrasah to learn more about our Deen Islam. My sole purpose of attending madrasah was to do it for the pleasure of Allah and to get close to Allah, and in doing so it inspires me in so many ways. I have learned things I never knew before. On my journey I met so many wonderful sisters in Islam, who inspired me in so many ways. I wish that more women could come and learn more about our beautiful Deen.

THE COMMUNITY OF ZIMDAHL STREET GELVANDALE PORT ELIZABETH

Alhamdulillah, Marhūm Moulana Adam, planted the seeds of Din and the knowledge of Din. For years Salāh was being performed and madrasah being conducted from a makeshift structure of wood on a piece of land that was made available for use by its owner. Over time this structure became dilapidated but despite its condition this venue became a hub of activity for Salāh,

madrasah, Tarāwih and Tabligh jam'at programs.

Alhamdulillah, through the grace of Al-mighty Allāh, the community of Zimdahl street and its surroundings will soon be blessed with their own masjid and madrasah facility. Despite many of the original residents having passed on at least the new

generation will be witness to this great venture. The project is still in need of quite a bit of work before it can be used for the required purpose.

We implore you to aid us in this project and many such projects in areas where people are being deprived of facilities for the preservation of Islām!

FEEDING PROJECTS

THE 9 TO 5 SOUP KITCHEN STRATEGY

To deliver effectively to the needy and in a controlled environment, the Al-Fidaa Foundation has embarked on the 9 to 5 Soup Kitchens. The poor would be able to access food conveniently in the week between 9am to 5pm. They would be assured of fresh, hygienic food prepared with love by our volunteers. All will be welcome, be it the student requiring nourishment to concentrate for their lesson, an exhausted breadwinner who returned home empty handed or the elderly requiring food to be taken with medicine. The Al-Fidaa Foundation 9 to 5 SOUP KITCHEN will be ready to serve and show love to humanity.

IMPACT OF FEEDING SCHEMES

Chronically ill persons, children prone to a life of prostitution, destitute families and the underprivileged will benefit tremendously from daily feeding schemes operated by the Al-Fidaa Foundation.

FORGIVENESS OF SINS

QURAN

If you disclose your Sadaqat (charity), it is well; but if you conceal them and give them to the poor, that is better for you. (Allah) will forgive you some of your sins. And Allah is Well-Acquainted with what you do. [2: Al-Baqara-271]

SEWING STUDIO

inspiring feedback

Debbie lost her job and was unemployed for over a year. She knocked on many doors and posted CV's to find employment but always met with rejection. She was desperate to become financially independent. The financial situation was taking its toll on the family at home. Becoming despondent of ever finding employment, Debbie came to find out about the Sewing Studio. She had no prior sewing experience but always wanted to learn the skill. Upon seeing the Al-Fidaa Foundation's Sewing Studio, she decided to apply and was accepted. Debbie showed much dedication and commitment with her studies. She practiced daily on her new skills learnt in the classroom.

"When I completed in June 2018 I started the journey of job hunting again. Only this time it was different as I was approaching companies in the clothing manufacturing industry. Shortly after completing, I was called in for an interview by a tracksuit manufacturing company who had a position of a qualified sewing machinist available. I was nervous as I entered the interview room. I was also asked to complete a practical interview process to test my skills and ability. The person conducting the interview was pleased with my skills. I was then offered employment with the opportunity to increase on my set of skills. I am forever grateful to the Al-Fidaa Foundation for the opportunity. I can now provide basic needs and necessities for my family." *Debbie Du Plessis*

Ntombekhaya spent the pass few years hovering around a number of part time jobs. Part time work meant part time income for her. Some months she was unable to find work which left her with no income. Desperate to find stability in her life, Ntombekhaya enrolled into the Al-Fidaa Foundation Sewing Studio to participate.

"From a young age I always wanted to learn how to sew, I was fascinated by the beautiful dresses people would create. I studied hard during my 12 weeks at Al-Fidaa Foundation and spent extra time practicing the art of aprons and traditional African headwear. After graduating from the Sewing Studio, The Al-Fidaa Foundation allowed me to continue visiting the Sewing Studio to

practice on the items I wished to sell. I was guided by the Instructors and taught business principles. I took some samples that I had made in class to local community organizations. Shortly after my marketing campaign I received an order of 30 aprons from one of the organizations I had visited. A person from King Williams Town had seen a sample of my traditional African headwear and place an order for 12 which had to be posted. A women's group in East London had asked me to manufacture 10 traditional African theme uniforms for them. To this day I continue to market my services. I am able to earn an income every month thankfully. This self-employment freedom that I enjoy is because of the generosity shown to me by the Al-Fidaa Foundation."

Ntombekhaya Dimbaza

Siphokazi Kemele, a former student from Al-Fidaa Foundation. "I applied for the dressmaker course in 2017. After a few months of waiting I was called in for the classes to start in 2018, where I learnt to make an apron, a bag and then a dress. The course was 3 months long under the leadership of Nomakhaya Toise, a very patient and insightful young woman. When I finished my course in June 2018, I was later introduced to a Metro Wind Farm representative to pitch for funding to start my business.

After pitching and submitting my forms I then got feedback in a period of 4 weeks, where my business HOUSE OF TSHIWO was awarded with R85,830 (eighty five thousand eight hundred and thirty rands) of funds which enabled me to purchase 2 Gemsy industrial machines, an industrial over locker, clothing rack, office equipment, a financial management course and a monthly allowance of fabric and threads.

My business has now been running for 4 months at a profit. The Al-Fidaa foundation has armed me with the skills and opportunity to change my situation and inspire my peers, I have not only been given the tools to materialise my dreams but I'll also be helping 2 families put food on the table and play a part in growing and sustaining the economy." *Siphokazi Kemele*

FEEDBACK FROM EAST LONDON

Since I completed the course, I started to design and sell my very own line of traditional wear, with my work being recognised all around East London...I am very grateful for this skill that I have acquired through Al-Fidaa. Thank you." *Bukeka Mashaya*

"Before I learned how to sew, I was not generating any income and I had to provide for four grandchildren, and then I found Al-Fidaa and learned how to sew. Now that my course is done and I have the skill I am generating some income by selling bags that I make myself from scratch. I am very thankful for Al-Fidaa. It has helped me and my family." *Minisi Ngantweni*

I have started my own business now and I sell a variety of clothing that I make from scratch, I never knew how to sew until I found out about the Al-Fidaa sewing classes, and now I am able to make all types of clothing." *Lindiwe Pindiso*

FUTURE INVESTMENT

QURAN

And be steadfast in prayer and regular in charity; and whatever good you send forth for your souls before you, you shall find it with Allah, for Allah sees well all that you do. [2: Al-Baqara-110]

FORGIVENESS

HADITH

When someone helps an afflicted person, he becomes entitled to seventy three grades of forgiveness, one of which is enough for his salvation, the remaining seventy two will raise his rank and position in Akhirah (Hereafter).

The Eastern Cape has high levels of food insecurity. Close to 78% of households may be classified as food insecure.

FORD SPONSORS EXPANSION OF SEWING STUDIO

Ford Motor Company Fund sponsored the financial cost of setting up a CMT (cut, make & trim) facility. The CMT will include provisions and machinery for manufacturing RE-USABLE sanitary pads. Everyday thousands of teenage girls in rural South Africa miss out on their education due to menstruation. There are 9 000 000 girls in South Africa between the ages of 13 and 19. This is the school going age of

menstruating girls. Their education is hindered by 25%, as these girls do not go to school whilst they menstruating as they have no access to sanitary wear. That is one week every month, which is a massive setback in their school careers.

Eastern Cape can be classified as a largely rural province which has many "farm schools" situated

distances away from supermarkets. Access and finances are hardly ever available for sanitary pads in these rural areas. The Al-Fidaa Foundation Sewing Studio has embarked on the project to manufacture washable fabric sanitary pads that is re-usable and last up to 3 years. The Sewing Studio CMT will manufacture and distribute these sanitary pads to the most vulnerable learners in the Eastern Cape.

Pretty little tailored dresses were donated to Future Followees Day Care. Dresses were manufactured by the Sewing Studio Instructor with assistance by the learners.

Dresses manufactured by the Sewing Studio donated to Oosterland Child and Youth Care Centre. All the toddler girls at the home were gifted a tailored fitted dress.

THE PERFECT RELIGION

QURAN

And they were commanded not, but that they should worship Allah, making religion purely for Him alone, Hunafa' (upright), and that they perform Salaah and give Zakah, and that is the right religion. [98: Al-Bayyinah-5]

SAFETY FROM CALAMITY

HADITH

Rasulullah sallallahu alaihi wa sallam has said, "Be quick in giving Sadaqah, as a calamity cannot overtake Sadaqah (charity)." [Mishkaat]

1 The Eastern Cape's labour absorption rate was one of the lowest of all provinces at 39% (compared to a 41% absorption rate for the country).

Let's bake the world a better place!

The Al-Fidaa School of Baking opened its doors on the 7 August 2017. We started with a class of 6 students, however due to the overwhelming request for assisting more members of the impoverished communities we opened our new baking class on the 24 July 2018 that allows us to teach 12 students per class.

We are the only Baking school in South Africa that teaches a unique 4 week course that allows students to earn an income after graduating. The growth and success of the baking school is due to two factors:

Students completing our course are confident bakers due to the high level of education from our qualified Chefs.

Baking course allows them to be self-employed and earn an income upon graduating.

Operating from home with low overheads, accessibility of ingredients and the countless number of sales opportunities within their community makes this a lucrative and sustainable business. We donate weekly products made by the students to Old Age Homes, Orphanages and Care centres.

Students that have graduated have been placed in our Baked Class to earn an income from sales of biscuits supplied to four Shoprite stores in Port Elizabeth. We intend opening many more branches in South Africa so that many more can benefit from the success of this course.

Student success stories

JANICE (23 years old)

Janice was an unemployed woman from Salt Lake in the Northern Areas when joining our school. She was an ex foster child with a difficult upbringing, but had the passion and willingness to learn. Upon completing the Four Week Home Bakers Course in September 2017 Janice received a free bursary to study a certificate in food preparation and cooking through NYCTP, applied for by the School of Baking. Through her hard work and dedication she has now completed her diploma in food preparation and cooking and is currently in the process of completing her diploma in patisserie. She has interned for South Boulevard as well as Bocadillos during her studies and has a promising career as a chef ahead of her.

NELISWA (25 years old):

Neliswa was unemployed and residing in Motherwell. She joined our Four Week Home Bakers Course with no baking skill but had a clear vision of what she wanted to achieve. Since completing in October 2017, she has set out to be a self-employed home baker with orders ranging from birthday cakes to catering for baby showers.

ANNA (28 years old)

Anna left school in Grade 9 due financial difficulties her family faced. Anna showed great potential during our Four Week Home Bakers Course. When she completed her course in February 2018 she started her own small catering business, which is now registered as a legitimate business with orders coming in daily for brownies and biscuits to supply shops nearby as well as orders for functions all over Port Elizabeth.

NWABISA (31 years old)

Nwabisa comes from the rural Transkei, where there is minimal access to basic ingredients. She showed great potential with baking and has excellent leadership qualities, so much so that she is now employed as an assistant manager of the biscuit department at the School of Baking, allowing us to supply biscuits to four Shoprite branches in Port Elizabeth.

NOXOLO (22 years old)

Noxolo was an unemployed mother from Kwazakhele with little baking experience. Upon completing the Four Week Home Bakers Course in July 2018, we managed to secure a job for her at Shoprite in the baking division. She will now be relocating

to Pietermaritzburg to work at a different branch.

SIPHOKAZI (31 years old)

Siphokazi, a mother of two from New Brighton. She attended our Four Week Home Bakers Course with very little baking knowledge but had a willingness to learn. On completion of her course in September 2018, she was presented with an equipment loan pack at the value of R3 500 to help aid in the start of her business. Since then she has supplied a local coffee shop with cakes as well as supplying birthday cakes on the side.

NURJAHAN (33 years old):

Nurjahan was an unemployed woman from Malabar. Before attending the course she had basic baking knowledge passed on to her from her mother. Upon completing the course in September 2018 she received an equipment loan pack valued at R3 500 to help aid the start-up of her business. She has since been given the loan pack permanently due to the success of her business. She has successfully catered for our High Tea Event in November 2018, supplying 500 gahache tarts as well as supplying other events with 600 tea cakes.

SPEND WHILE YOU CAN

QURAN

And spend of that with which We have provided you before death comes to one of you, and he says: "My Lord! If only You would give me respite for a little while, then I should give Sadaqah from my wealth, and be among the righteous." [63: Al-Munafiqun-10]

PROSPERITY

HADITH

"Prosperity enters as swiftly into a house that feeds people as a dagger penetrates the hump of a camel."

1 The illiteracy rate in the EC province is relatively high with just under 17.5% in 2013 of the population being functionally illiterate.

HAMPER DISTRIBUTION KWA-ZAKHELE

In the spirit of generosity of the less fortunate, The Al-Fidaa Foundation team distributed Food Hampers donated by Ford Motor Company Southern Africa to residents surrounding the 9 to 5 Soup Kitchen in Kwa-Zakhele. Many residents in the area face illness, unemployment and disabilities

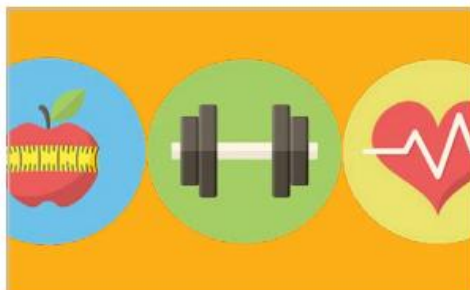

OUTREACH & AWARENESS PROGRAMS

The Al-Fidaa Foundation is continuously involved in various community outreach programs with the aim and intention to help better our communities. Here are some of the activities and events that were hosted or co-ordinated over the course of the year.

OOSTERLAND CHILD & YOUTH CARE CENTRE

The Al-Fidaa Foundation team spent an afternoon at Oosterland CYCC. Kids were treated with party packs, cup cakes baked by our baking school, juices, scrumptious meals and tailored dresses sewn by our sewing studio.

WELLNESS PROGRAM

The Al-Fidaa Foundation White Door Centre hosted and facilitated a wellness program for residents at the Gelvan Park Old Age Homes.

A personal fitness coach demonstrated age appropriate exercises to stay fit and healthy. Healthy lifestyle habits were also discussed and promoted.

OLD AGE HOMES OUTREACH

Al-Fidaa Foundation in conjunction with Caltex Eastern Cape distributed much needed toiletries to all the residents of 4 old age homes in the Northern Areas of Port Elizabeth. Residents of the homes were overjoyed with their gifts at a much needed time.

HUMAN TRAFFICKING AWARENESS CAMPAIGN

The Al-Fidaa Foundation White Door Centre hosted an awareness campaign to combat Human Trafficking which was becoming rife at the time in the Eastern Cape. Experts in the field from the Police Services addressed attendees with the facts and myths surrounding the subject.

16 DAYS OF ACTIVISM

The Al-Fidaa Foundation in conjunction with the Department of Social Development hosted an awareness program at the Jarman Hall for the community of Schauderville. Key role players addressed the crowd on pertinent issues facing the community.

SUBSTANCE ABUSE PROGRAM

The Al-Fidaa Foundation White Door Centre hosted and facilitated a substance abuse program for foundation learners at De Vos Malan primary school. Learners from this school are exposed to intoxicants from a young age due to the gang infested area.

SENIOR MUSLIM CITIZENS

Muslim residents at the Schauder Old Age Homes were treated to a scrumptious luncheon and an inspirational naseeha. Gift bags comprising toiletries were handed out to each Muslim resident.

Sheikh Yahya Maneri RA was asked about the pathways to Allah. His reply was:

"As many as the atoms that the world contains, but none straighter and easier than consoling the broken hearted."

REWARD FROM ALLAH

QURAN

"Those who spend their wealth (in Allah's cause) by night and day, in secret and in public, they shall have their reward with their Lord. On them shall be no fear, nor shall they grieve." [2: Al-Baqara-274]

ALLAH WILL SPEND ON YOU!

HADITH

Rasulullah sallallahu alaihi wa sallam said that Allah The Glorious and Exalted says: "Spend (on charity), O son of Adam, and I shall spend on you." [Hadith Qudsi]

YOi youth of islam

YOUTH DAY OUTING

Youth of Islam hosted High School Female Teens for a day outing to Blue Horizon Bay. Learners in attendance were from Woolhope Secondary School, St Thomas and BD High School. Youth engaged in Taa'lim, listening to naseeha by the youth for the youth. Learners from the different schools bonded through the many team building activities. Teachers and learners thoroughly enjoyed the activities while experiencing the serenity of the sea side.

YOUTH FEMALE PROGRAM

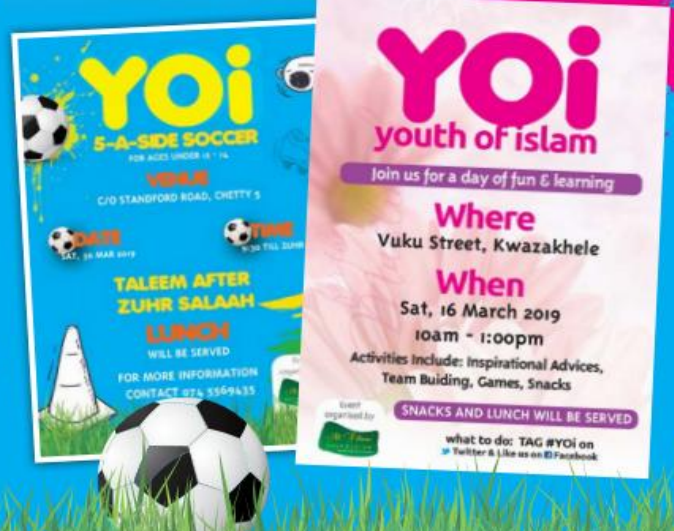

Youth of Islam hosted a teenage girls program at the Booysenspark Community Centre. Muslimahs from Marikana, Booysenspark, Chatty Ext5, Missionvale and Bloemendal were in attendance. Program included Taa'lim, Naseeha by Aalima's, Quiz and Team Building activities. For most girls this was their first youth program experience. There was an overwhelming request for Yoi to conduct more of these programs in the future InshaAllah.

YOUTH OF ISLAM BOYS PROGRAMS

Yoi regularly hosts 5-A-Side soccer tournaments. Boys are treated to a fun day by the Al-Fidaa Foundation Team thus giving us an opportunity to spend quality time with the youth. At the events we set aside special time for Taa'lim and Naseeha. The event ends off with freshly prepared meals. Events were held at West End, Bethelsdorp and

MASJID ZIKRULLAH MOTHERWELL ISLAHI MAJLIS

Youth of Islam hosted an Islahi majlis for the youth and Musallees of Masjid Zikrullah. Advices were given by Moulana Salmaan Moosagie Sahib, Khalifa of Hazrath Moulana Abdul Hameed D.B.

ZAHSA

ZAKAAH APPLICANT HOSTING OF SOUTH AFRICA

The first of its kind and perhaps no such program exists elsewhere in the world.

The Al-Fidaa Foundation has a unique online system (ZAHSA) to capture Zakaah recipients and to keep records at the touch of a button. The Al-Fidaa Foundation invites any organization to participate in sharing our resources.

SOME FEATURES

ONLINE

All recipients are online; can be recorded by their ID numbers with full details and tracked over the months.

ACCOUNTABILITY

Each visit and disbursement recorded is matched to the counsellor or fieldworker present, enhancing accountability.

REPORTS AND GRAPHS

Able to generate reports based on specific criteria including number of recipients, gender, age, residential area etc.

TRACKING

Disbursements to applicants as well as every visit of each applicant are recorded on ZAHSA.

DOCUMENT MANAGEMENT

Applicant documentation is uploaded onto the ZAHSA system (No more missing files!).

2000+ REGISTERED

Over 2000 applicants already registered on the ZAHSA system.

MORE ON ZAHSA

ZAHSA was launched in Port Elizabeth on the 13th February 2013 to local Ulema and Welfare organisations. On the 16th March 2013 ZAHSA was presented to most major welfare organisations at the offices of the Darul Ihsaan organisation. We offer this program for free to legitimate organisations who distribute Zakaah. Contact us at 041 484 1288 for more information.

Since the program is online, data usage is kept to a minimum. The program allows supervisors to access their Zakaah Database from anywhere in the world. ZAHSA protects against fraud as all applications are based on secure logins and documents making it an ideal point of contact with the recipient. Its an excellent tool to monitor Zakaah distributions in bulk or when used to target certain communities or localities.

WHY REINVENT THE WHEEL?

We are to happy to share our resources so that every Muslim family in South Africa is fed. ZAHSA also allows networking between organisations on a single platform without duplication of recipients ensuring social justice and dignity. PHONE US ON 041 484 1288 for more information.

VARIOUS TYPES OF CASES ASSISTED BY THE ZAKAAH DEPARTMENT INCLUDED:

- A recipient recently retrenched was assisted with ingredients to start up a small business selling savouries.
- A single mother of 3 struggling to sustain her family was assisted with her rental.
- A mother was assisted with toiletries and nappies for her daughter undergoing an operation.
- A group of unemployed men will soon be embarking on training in the field of welding in order to acquire a skill and sustain themselves.

Zakaah is utilized on needy persons, families, students and supervised by our Ulema.

KINDNESS TO ALL

QURAN

"Worship none but Allah. treat with kindness your parents and kindred, and orphans and those in need; speak fair to the people; be steadfast in prayer; and practice regular charity" [Al-Baqarah, 83].

CARING FOR WIDOWS & ORPHANS

HADITH

"One who cares for widows and the poor is like those who fight in the way of Allah or those who spend their days fasting and their nights praying." [Bukhari]

1 The Eastern Cape does not have a single house to cater for Muslim orphaned children.

ORPHANAGE

Catering for the needs of the orphaned Muslim

The vast area of the Eastern Cape does not have a single house to cater for Muslim children! Muslim children are often placed in a state owned facility or registered safe houses.

Sahl ibn Sa'd رضي الله عنه reported: The Prophet, peace and blessings be upon him, said, **"The one who cares for an orphan and myself will be together in Paradise like this," and he held his two fingers together to illustrate.** [Bukhari 5659]

The state owned facilities & registered safe houses do not cater for Halaal food.

Muslim children are included in their prayer sessions.

Limited or no access to other Muslim community members.

No Salaah facilities are provided.

Limited or no access to Qurans and Islamic literature available.

Due to the generosity of donors, the Al-Fidaa Foundation inshAllah will soon begin to house orphans. The Eastern Cape is a vast area so your Duas and assistance is highly appreciated.

CASES KNOWN TO OUR WHITE DOOR CENTER

239 Durban Road, Korsten Port Elizabeth:

CASE #1: 2 boys under 13 – Father passed away, family abandoned them; children placed with Christian family.

CASE #2: 9 year old boy's mother passed away. Aunt (different religion) took him in when he was 6 months old.

CASE #3: Social Worker trying to remove a 9 year old child from parents who are abusing the child physically and mentally. If the Social Worker from Department of Social Development takes him away from the parents, he will be in foster care till they place him with a family.

CASE #4: A Social worker is trying to remove a 7 month old baby boy from mother; she lost 4 of her children previously. (All placed in Non Muslim Orphanages).

CASE #5: Al-Fidaa Foundation informed by a Department of Social Development Social Worker of the following case: 2 children were uplifted from a Muslim family (due to the parents' substance abuse and violent behaviour in the house) and placed in a Christian lady's safe house. However, the kids refused to return home even though the environment in their

home reached acceptable levels for reunification with the family. Their reason for this was, "we enjoy going to Sunday school and Church, we want to continue staying with the Christian lady".

CASE #6: The following is a statement from the counsellor about a case of a Muslim boy: "the child is getting very badly abused. He couldn't walk today... feels he's supposed to get abused because he deserves it. He told me that if I want to I can hit him too. His mother scratched him on his face... mentioned that his grandfather would

put an iron under his feet. He's put out of the house for 2/3 weeks to live on the streets if his mother gets upset with him. His mother tells him that she doesn't want him and doesn't care what happens to him. They refuse to register him for school next year. His grades are good and he has never missed school despite his condition."

CASE #7: A Muslim girl born with a terminal disease; mother passed away. The father deemed to be mentally unfit to look after his daughter. There was difficulty finding a Muslim home for her.

CLINIC: Access to medical services and basic health care screening proves challenging to many of our beneficiaries who cannot afford the cost of private services or are not physically able to stand in long queues at our state run clinics and hospitals. Many of our beneficiaries are pensioners or people who are affected by high-blood pressure, diabetes, or other chronic illnesses. Several incidences were observed of

beneficiaries falling ill while visiting the organisation, due to poor eating habits, illness and suspected neglect by family members.

AIMS: Provide general health care awareness to the poor, needy and vulnerable beneficiaries of the Foundation. The service will be accessible to all Al-Fidaa Foundation beneficiaries.
