

THE NEED

As the Muslim population expands and flourishes in many localities, the need exists to establish such facilities which will preserve the Islamic identity of the next generation. It is a known fact that when our beloved Nabî ﷺ migrated to Madinah, upon his arrival he first sought to establish a place for Salâh.

Many communities are not by the means to establish these types of facilities, hence the need for all of us to make a collective effort in this regard and become instrumental in the preservation of Islâm in all areas.

This doubt should never plague one's mind that ... the Madaaris are useless (of no use at all). They are certainly not useless. Their position can be compared to the position of Wudhu in relation to Salaah. Just as Wudhu is necessary for Salaah, these Madaaris are necessary for the propagation and spread of Islam. [At-Tabligh v.20 pg.23]

OUR VISION & GOAL

Al Fidaa Foundation continues with this project to establish facilities for Salâh and madrasah in impoverished localities which could serve the Islâmic needs of the Muslims living there.

We urge you to support and donate towards this WAAJIB (compulsory) MUSALLA & MAKTAB project in the Eastern Cape of South Africa and build a legacy for you and your loved ones which will entail tremendous reward in the Âkhirah!

“

When a person dies, his good works come to an end except for three things: an ongoing charity, knowledge that people keep benefitting from, and a pious child who supplicates for him.” [Muslim]

Despite the challenges of 2020, Alhamdulillah, our makâtib were operational throughout the various stages of the lockdown. All health protocols were observed and educators and students were able to continue in learning and teaching.

Our dedicated educators went the extra mile to ensure learning and teaching was not negatively impacted despite attendance of students fluctuating.
